

# *Custom Pumpers*

*Seagrave*™

## ***Dedicated to Quality Since 1881***

- Single source custom manufacturer
- Waterous or Hale fire pumps
- Poly water tanks to 2500 gallon
- Wide selection of spacious custom cabs
- Standard galvanneal cab and body
- Optional stainless steel cab and body, the ultimate in structural integrity and corrosion resistance

## ***Top Quality Bodies Built with Pride***

- A wide variety of heights, depths and lengths available
- Stainless steel, galvanneal or aluminum material
- Compartment structural integrity does not rely on diamondplate overlays
- Roll-up or hinged lap-style doors

### ***Lowest crosslay height in the industry***

- 66" from ground to crosslay slats
- Paint-free hose surfaces – eliminate chips and scratches
- Multiple configurations available

### ***Quick removable right hand pump panel***

- Lift-and-turn latches for quick removal
- Easy access for maintenance

### ***Optional top mount control panel***

- Quick removable side panels, left and right
- Speedlays and crosslays available

### ***Floating pump enclosure concept***

- Eliminates stress between cab and body components
- Provides long-term structural integrity

### ***Pump enclosure options***

- Various pump enclosure lengths available to suit your customized options and allow for multiple wheel base configurations
- Available with pump access door(s) or pump Engineer's compartment(s)
- Optional transverse pump Engineer's compartment(s)

*Ultra-low hose bed floors starting at 42 inches from the ground*

*Multiple hose bed storage options available*

*Removable wheel well liners on both cab and body and optional removable outer wheel well panels*

- Available in 10" or 15" raised roof
- 59" interior height on flat roof cab
- Seating up to 10 personnel

*Customize your compartments with adjustable shelving, trays and tool boards for efficient storage and easy access*
